ACHC Assists Victims of Hurricane Florence

Cary, NC - Accreditation Commission for Health Care (ACHC) is donating \$10,000 to Direct Relief to assist with aid and recovery efforts in response to destruction from Hurricane Florence in North and South Carolina.

“We stand in full support of our friends, neighbors and caregivers here in the Carolinas who have been affected by this massive storm,” said ACHC President and CEO José Domingos. “As residents of North Carolina, we all watched nervously as this most imposing weather event advanced slowly towards us. And while we consider ourselves lucky to have been spared the worst of its effects, there are still thousands of people who were not so fortunate and many who are still experiencing the dreadful scale of its destruction in terms of flooding, displacement from their homes, lack of access to care and supplies, or worse. Our hearts go out to those who may have lost loved ones and our hope is that contributions like this can help with what will be a long road to recovery.”

Direct Relief collaborates with clinics all over the world to equip doctors and nurses with life-saving medicines and supplies to help care for survivors of disasters who face enormous hardship to recover.

ACHC is a nonprofit accreditation organization that has stood as a symbol of quality and excellence since 1986. The organization has CMS deeming authority for Home Health, Hospice, and DMEPOS and a Quality Management System that is certified to ISO 9001:2015. ACHC’s broad range of accreditation programs also includes Pharmacy, Private Duty Nursing, and Behavioral Health, as well as ACHC International, which is also certified to ISO 9001:2015. ACHC is the provider’s choice for accreditation because of its personal Account Advisors, relevant and realistic standards, competitive pricing, and consultative approach to accreditation. Accreditation by ACHC reflects an organization’s dedication and commitment to meeting standards that facilitate a higher level of performance and patient care.
