Accreditation University Launches New Website

Cary, NC- Accreditation University (AU), a division of Accreditation Commission for Health Care (ACHC), has launched its official website, accreditationuniversity.com, on January 11, 2016, in an effort to bring the best possible experience to AU customers. The new website offers customers a designated place to view, research, and purchase AU products to prepare for ACHC Accreditation. AU offers a diverse suite of products and services, including the *ACHC Accreditation Guide to Success* workbook, Accreditation workshops, and varied options for accessing consulting services.

"We want to offer customers the best and easiest way to access the products they need to become accredited" said Greg Stowell, Accreditation and Consulting Manager for AU. "Our new website showcases all of the AU products available to customers, validating AU as the most comprehensive information resource on becoming ACHC accredited."

As a nationally recognized accreditation organization, ACHC places great value on continuing education as a best practice for achieving and maintaining accreditation. The recent formalization of AU as a division of ACHC focuses resources within the organization to provide a full range of educational offerings that meet the individual needs of providers. As such, regularly scheduled workshops are held throughout the year to educate providers on ACHC Accreditation compliance requirements.

Accreditation University is a division of ACHC, a not-for-profit accreditation organization that has stood as a symbol of quality and excellence since 1986. ACHC has CMS Deeming Authority for Home Health, Hospice, and DMEPOS and a Quality Management System that is certified to ISO 9001:2008. The broad range of accreditation programs that ACHC offers also include Pharmacy, Private Duty Nursing, and Behavioral Health. ACHC is the provider's choice for accreditation because of its personal Account Advisors, relevant and realistic standards, competitive pricing, and consultative approach to accreditation. ACHC Accreditation reflects an organization's dedication and commitment to meeting standards that facilitate a higher level of performance and patient care.

For more information on AU's educational resources and events, visit AccreditationUniversity.com or contact customerservice@accreditationuniversity.com or 919-228-6559.
