ACHC and Vital Care Renew Partnership to Promote Home Infusion Pharmacies

Cary, NC – Accreditation Commission for Health Care (ACHC) announces the renewal of its partnership with Vital Care, a pharmacy franchise business for home infusion services. Through this collaboration, ACHC and Vital Care will work to further elevate Vital Care franchises that make it their mission to provide care for patients in underserved markets.

Many Vital Care pharmacies offer ambulatory infusion centers that are staffed by skilled nursing professionals and allow patients to receive their treatments within a clinically appropriate and comfortable environment.

“ACHC and Vital Care are each dedicated to supporting the role that infusion pharmacies play in our communities. We take our partnership’s responsibility seriously by working alongside Vital Care to help its franchisees maintain compliance and accreditation,” said Jon Pritchett, ACHC Pharmacy Program Director. “ACHC is honored to work with Vital Care, a long-time leader in the infusion pharmacy arena.”

“Vital Care Infusion Services is pleased to once again renew its partnership with ACHC,” said Vital Care’s Director of Corporate Outreach, Chris Newlin, PharmD, MBA, BCSCP, CSP, IgCP, CNSC. “This partnership provides our franchisees with the tools needed to deliver high-quality patient care services through compliance with national regulations and industry best practices.”

The collaboration gives Vital Care pharmacies special pricing on ACHC Pharmacy Accreditation and discounts on ACHCU educational resources that can help franchises prepare for accreditation.

Established in 1986, Vital Care is the premier pharmacy franchise business for home infusion services and has over 50 franchised pharmacies across two dozen states. Vital Care’s corporate team assists each franchised pharmacy in all aspects of the home infusion process, including expertise in pharmacy buildout and onboarding, assistance with obtaining and maintaining accreditation with ACHC, support for establishing trade agreements and payer contracts, and help with handling insurance verification and billing services. Vital Care’s expertise in clinical pharmacy, infusion nursing, payer relations, and revenue cycle allows the franchised pharmacies to provide and have access to the people, medications, and equipment most appropriate for each individual patient.

ACHC offers a broad suite of pharmacy compliance solutions, including accreditation programs for Infusion, Long-Term Care, and Ambulatory Infusion Centers. ACHC Pharmacy Accreditation promotes consistent practices that result in improved safety, efficiency, and quality of care while enhancing business practices and strengthening trust in specialty physician practice services. With over 30 years of experience, ACHC is known for providing value, integrity, and the industry’s best customer service. ACHC develops solutions for healthcare providers nationwide and remains committed to delivering a customized, collaborative accreditation experience.
