ACHC Partners With RLDatix

CARY, N.C., October 11, 2023 – Accreditation Commission for Health Care (ACHC), a leading healthcare accreditor, announced today it is partnering with RLDatix, the leading global provider of technology solutions enhancing healthcare operations. The partnership will help customers further streamline accreditation and align with the healthcare industry's highest quality and safety standards.

With a portfolio of more than 20 accreditation and certification programs, ACHC is known as a leader in promoting excellence within the healthcare sector. This strategic partnership will expand RLDatix's standards library and support a wide array of healthcare providers throughout hospitals, ambulatory surgery centers, and clinical laboratories.

"By integrating our ACHC Accreditation Standards into RLDatix's policy management system, we'll be able to provide greater support to our shared customers and enable a more streamlined accreditation experience," said Patrick Horine, ACHC Vice President of Acute Care Services.

"RLDatix and ACHC are combining their expertise to improve healthcare compliance across the industry," said Kenneth Slifer, RLDatix Vice President of Compliance Solutions. "We are empowering our shared customers to deliver safer care, foster a safer work environment, and support an overall safer organization."

About RLDatix

RLDatix is a global healthcare technology company helping organizations to provide safer care. Trusted by over 6,000 customers, RLDatix integrates and automates workflows across governance, risk, and compliance (GRC) and workforce management functions to deliver critical insights that improve quality outcomes. As the only technology platform linking workforce management and GRC, RLDatix offers a broad suite of enterprise software applications and services to enable the identification of risk, enhance operational efficiency and compliance, and build a consistent, transparent culture of safety.
