## ACHC and SafeQual Partner to Support Hospital Quality

**CARY, N.C.** – Leading accreditor Accreditation Commission for Health Care (ACHC) announced today it is partnering with SafeQual, a leader in workflow, automation, artificial intelligence, and integrated decision tools. The partnership will benefit ACHC’s hospital customers by giving them access to high-quality software solutions to ensure safety, quality, and compliance and help manage risk.

“ACHC and SafeQual are dedicated to supporting our nation’s acute care hospitals and critical access hospitals,” said Patrick Horine, ACHC Vice President, Acute Care. “This partnership provides hospitals with technology solutions to enhance quality of patient care and optimize business operations.”

Dan Corcoran, CEO of SafeQual, said, “The partnership of ACHC and SafeQual comes at a time when new regulations are driving a fresh approach to how healthcare systems replace outdated technology, realign organizational structures, and change processes to achieve zero preventable harm in response to the new quality-focused CMS Patient Safety Structural Measure.”

The partnership gives ACHC hospital customers special pricing on SafeQual software and provides ACHC discounts for SafeQual customers.

### About SafeQual

SafeQual provides cloud-based enterprise software that helps healthcare teams in all care settings ensure safety, quality, and compliance and manage risk, aiming for zero preventable harm and integrating the CMS Patient Safety Structural Measure across their organizations.
