ACHC Partners with NikoHealth to Support DMEPOS

CARY, N.C. – National accreditor Accreditation Commission for Health Care (ACHC) announced today it is partnering with NikoHealth, a leading provider of cloud-based HME/DME management software solutions.

“ACHC and NikoHealth understand the unique challenges DMEPOS providers face,” said Tim Safley, ACHC Program Director. “NikoHealth’s world-class software solutions support operational excellence, making it easier for providers to enhance care, optimize practices, and maintain compliance.”

“NikoHealth is thrilled to partner with ACHC, a leader in accreditation and compliance,” said Wayne Hudson, Growth Director. “This collaboration gives ACHC customers access to NikoHealth, the most innovative and fastest-growing DME software solution, along with a trusted resource to streamline their accreditation process. Together, we empower providers to maintain the highest standards of patient care while leveraging cutting-edge technology to enhance operational efficiency and growth.”

The partnership gives NikoHealth clients special pricing on ACHC DMEPOS Accreditation. Discounts on select ACHCU educational resources are also available.

About NikoHealth

[NikoHealth is a leading provider](#) of cloud-based HME management solutions dedicated to optimizing operations, boosting efficiency, and fostering growth.
