ACHC and Cardinal Health Renew Support for Specialty Pharmacy Services

CARY, N.C. – Leading accreditor Accreditation Commission for Health Care (ACHC) announced today it is renewing its strategic alliance with Cardinal Health, which offers customized specialty consulting solutions to help organizations effectively fulfill their initial and ongoing specialty accreditation requirements.

“Renewing our alliance with Cardinal Health reinforces our mutual dedication to helping specialty pharmacies navigate accreditation and enhance services,” said Jeffrey Reses, RPH, HDDP, ACHC Senior Pharmacy Clinical Liaison. “Together, we’re empowering specialty pharmacies to strengthen operations, optimize performance, and improve patient outcomes.”

“Custom specialty accreditation support is a significant way that Cardinal Health supports our client pharmacies with their strategic goals to implement new revenue streams, expand on-site services and improve patient access to care,” said Naveen Mansukhani, Cardinal Health Director of Specialty and Ambulatory Pharmacy Solutions. “We value the partnership resulting from our renewed agreement with ACHC.”

The continued collaboration gives Cardinal Health customers special pricing on ACHC Pharmacy Accreditation for infusion and specialty services. Discounts on select ACHCU educational resources are also available.

About Cardinal Health

As a pharmacist-led organization, Cardinal Health understands each hospital is unique, so specialty pharmacy support is customized depending on your specific needs, patient populations, and payor mix. We offer on-site, remote, and hybrid solutions to complement your staffing needs, as well as transparent pricing models.
