ACHC and Coldkeepers Partner to Strengthen Temperature Controlled Medication Shipping

CARY, N.C. – Leading accreditor Accreditation Commission for Health Care (ACHC) announced today a new partnership with Coldkeepers, a premier provider of advanced temperature-controlled packaging solutions

“Pharmacies are responsible for ensuring temperature sensitive medications are handled and transported in a way that protects their safety, quality, and efficacy,” said Caroline Girardeau, PharmD, ACHC pharmacy program director. “Our partnership with Coldkeepers connects ACHC’s accreditation expertise with validated thermal packaging solutions that help pharmacies build more reliable cold chain processes and maintain confidence from shipment to delivery.”

“Our partnership with ACHC strengthens our shared commitment to quality, compliance, and patient safety across the healthcare supply chain,” said Jeffrey Griffin, Director of Business Development and Sales. “By aligning Coldkeepers’ validated thermal packaging expertise with ACHC’s accreditation standards, we help healthcare providers protect product integrity, meet regulatory expectations, and deliver confidence from shipment to patient.”

Through this collaboration, Coldkeepers’ clients receive special discounts on select ACHC Pharmacy Accreditation services and ACHCU educational resources, supporting their efforts to achieve and maintain compliance while advancing operational excellence.

Pharmacies currently accredited by ACHC are also eligible receive a 15% discount on Coldkeepers products as a result of this partnership.

About Coldkeepers

Coldkeepers delivers advanced thermal shipping solutions engineered to protect temperature-sensitive products across the cold chain. Serving pharmaceutical, health, and life science markets, we combine proprietary packaging with logistics-driven expertise to ensure product integrity from origin to destination. Founded in 1998 and headquartered in Thomasville, Georgia, Coldkeepers is committed to domestic manufacturing, sustainable design, and continuous innovation—offering insulated liners, mailers, pouches, gel packs, and customized cold-chain solutions built to meet the industry’s most rigorous standards.
