ACHC and Eagle Analytical Partner to Support Compounding Pharmacy Efficiency

CARY, N.C. – Leading accreditor Accreditation Commission for Health Care (ACHC) announced today a new partnership with Eagle Analytical Services, a leading provider of analytical & microbiological testing and consulting services for compounding pharmacies,

“Compounding pharmacies are responsible for producing medications patients trust, and that requires strong systems behind the scenes,” said Caroline Girardeau, PharmD, ACHC pharmacy program director. “By partnering with Eagle Analytical, we can connect compounding pharmacies with trusted testing and consulting expertise that supports quality, strengthens survey readiness, and promotes high-quality patient care.”

“A partnership between Eagle Analytical and ACHC creates an opportunity to connect testing services with compliance needs,” said Dr. Ross Caputo, CEO and President of Eagle Analytical Services. “Together, this helps improve patient safety and make the accreditation and inspection process more straightforward.”

Through this collaboration, Eagle Analytical clients receive special discounts on ACHC Pharmacy Accreditation services and ACHCU educational resources, supporting their efforts to achieve and maintain compliance while advancing operational excellence.

Pharmacies currently accredited by ACHC receive \$500 off an audit and 10% off consulting services.

About Eagle Analytical Services, Inc.

Eagle is an FDA/DEA registered, A2LA ISO 17025 accredited laboratory that provides analytical chemistry and microbiological testing, consulting and engineering services. It serves compounding pharmacies, hospitals, pharmaceutical manufacturers, CGMP compliant organizations and research institutes throughout the USA and internationally, supporting their compliance and quality assurance needs.

Operating out of an 80,000 square foot state-of-the-art facility, Eagle offers 300+ services and delivers science-based compliance and safety solutions to help facilities mitigate risk and ensure patient safety.
